It’s Time for Music!

A specially assembled local choir of adults and children’s voices (from Kingsbury School) are performing the world premiere of the Cantata St. Martin conducted by the composer Ronald Corp - often heard playing on Classic FM. This is a new piece composed especially ‘for the villagers of Kingsbury Episcopi’ on Saturday May 20th at 6.30 pm.

Other musical contributors include Reg Meuross, the international singer-song writer with his new St. Martin ballad and Kingsbury Band. Enigma Morris will dance. There will be willow weaving and artwork displays. This free of charge, family-friendly event in St. Martin’s Church, Kingsbury Episcopi, is followed by a picnic. This evening is for the whole community and celebrates the finale of our Martin 1700th themed events. Martin, after whom the church is named, was a Roman soldier, turned priest, turned peacemaker in what is modern day France.

Free ice creams, apple juice, and maybe more!

No tickets required. Bring your own picnic, drinks, and something to sit on in the churchyard (weather permitting). If wet, we’ll eat in the church rooms or church. Please bring friends, family, and neighbours for what promises to be a great evening for everyone.

Professor Harold Neville Vazeille Temperley (4 March 1915 – 27 March 2017) died peacefully on Monday 27th March at the age of 102, as the spring sunshine streamed through the window at his home in Thorney. The Professor, or Neville as he was known by many locally, was a strong supporter of the local Church in Kingsbury Episcopi. He was lucky enough to be part of a local community where neighbours and friends support and have continued to help one another through generations. The Professor’s family have been in Thorney since 1770 where Job Bradford (his grandfather) started the company – Bradford’s Building Supplies from Thorney House. Professor Temperley was born in Cambridge of March 4th 1915, son of Harold Temperley a distinguished Historian, Professor of Modern History at the University of Cambridge and Master of Peterhouse. His mother was Gladys Bradford, one of the first female fellows at Cambridge University. He was educated at St. Faith’s School Cambridge, followed by Eton College. In 1934 he went to Kings College Cambridge and was awarded a Doctorate of Science for his work on modelling underwater explosions, later becoming a fellow of Kings College Cambridge.

In 1940, he married Geraldine Bartrop, known as Jean, he adored his wife and cared for her devotedly through her final years. Together they had 4 children – Nicholas, Virginia, Julian and Humphrey, and 9 grandchildren. His face would light up to the end when he saw his 7 (soon to be 8) great grandchildren.

During WW2 he worked behind the scenes at the Admiralty, most notably on crucial war developments inventing torpedo triggers and de-magnetizing ships to evade enemy detection. Following the war he transferred to the Atomic Weapons Research Establishment. Between 1952-4 he was a visiting professor at a number of universities in the USA including Yale and Nebraska. In 1965 he became a Professor of Applied Mathematics at Swansea, where he stayed for 17 years. In 1971 a joint work was published by Professor Temperley and Elliot-Lieb from Princeton University, known as the Temperley-Lieb algebra, for which he was awarded the Rumford Medal in 1999 by Britain’s Royal Society. Previous winners include Michael Faraday & Louis Pasteur. His successor at Swansea, Aubrey Truman described Temperley-Lieb as a ‘work of genius’. This algebra is being used at the forefront of science today and is related to ‘chaos theory’ and quantum mechanics. Truman described Professor Temperley as a ‘scholar and a gentleman, to me and many of his staff he was an undervalued national treasure, generous and kind to a fault’.

He was an esoteric gentleman who was brilliantly clever and kind. His family will remember him with great fondness, love and pride. We’d like to thank everyone from the local community who have sent their condolences and those who came to his memorial service and reception afterwards. It was heart-warming for us to see and be able to celebrate and share his life with so many people who had known him for so many years.

From the Temperley family especially Ed and Mary

SOUTH WEST FILM & TELEVISION ARCHIVE - 16mm Film - The Willow Story & Others from The Male Family Archived.

"I'd like you to find the proper home for these and their preservation," were Les's words as he handed them over to us. Read on ......

A year or so ago Leslie Male handed over to the Kingsbury Time Travellers three reels of 16mm film which are now being stored under the correct conditions for their conservation in the South West Film & Television Archive. These reels of film were shot by Mona Chedzoy, sister of Gay, who is married to Les. Mona was born in 1914, the eldest of 8 children. The family had their business. The Willow Story is an exceptional colour, silent, film which worked as a support teacher in schools. The family has given the history group permission to make copies of The Willow Story available at a small charge. In due course we should be in a position to do so and perhaps they might be sold from the new Community Shop. Please keep your ears and eyes open for this opportunity.

The second film, also from the 1950’s, shows, in exceptional colour, places Mona visited in Somerset to use in her visits to Germany. These places include Wells from the Cathedral roof, Shepton Mallet, the Bath & West Show, and Montacute House.

The third film is titled “Helmstedt Exchange with Chard, South Somerset.” Who else has old film not seen for ages of, about and around the parish and its people? Please contact us. Thanks.

Go to Facebook – Kingsbury Episcopi Parish Archiving Group and follow our work.

St Martin’s Bell-Ringers
On All Fools’ Day (!) St Martin’s team of church bell-ringers took part in the annual striking competition held by the Ilchester branch of the Bath and Wells Diocesan Association of Change Ringers, at another St Martin’s Church - the one in North Perrott. In a striking competition, a bell-ringing team is judged on their ability to ring the bells with a precisely even gap between each “dong”. It’s not easy to describe in words but the sound of the bells should be "ding-ding-ding-dong-dong"! If the ringers’ control of their bells is less than perfect, it can instead sound something like "ding-ding-dong..dong..ding-di-dong"!

The Kingsbury band is not the most experienced band. They have been ringing together for less than a year, and half of the competition band are still in their learning phase - one has been ringing for less than a year. Given that there is usually only one practice opportunity each week, very few people develop to be really good ringers in much less than five years. Consequently, the team realised that a win was probably beyond their reach this year, but they entered for the experience and for the fun of it and indeed, much laughter was had.

They were delighted to be awarded third place over-all, and to be scored as the second-best novice team! The team is always delighted to welcome new ringers. Come along to any of their practices (7:30pm on Wednesdays) to get a taster - this could be your chance to play an expensive musical instruments! Or call the Tower Captain, Nick Frost, on 01458 250994.
news from the methodist church

All set up and hopeful of a good summer ahead, and a brand new village shop and community centre. With blossom and blooms everywhere, could we ask for much more in terms of blessings! There's something for everyone in and around Kingsbury Episcopi.

Wednesday 3rd May at 2pm will be another Fellowship Meeting in the Wesley Room. Come along and hear about the Quaker faith.

Wednesday 7th June at 2pm is the last Fellowship Meeting until September. We'll join us for a talk by Julia about her pilgrimage to the Cathedral at Santiago de Compostela, and The Way of St James.

Sunday 11th June at 1pm is the next Lunch for Single's. If you live alone in the village and would like to join us for a friendly meal, please call Christine on 01935 826578 to book a place with us.

Looking ahead to July:

Friday 7th July is Kingsbury Episcopi Band Concert at 7pm.
Always an entertaining evening. Put the date in your diary.
Saturday 8th July between 10am and noon, we offer tea/coffee and a selection of cakes to hopefully raise donations for our Church Anniversary Gift Day. Please come and meet with us and enjoy some refreshments.
Sunday 9th July at 3pm is a Songs of Praise Service as part of the Church Anniversary event. Lots of well-known hymns to sing out, and some new ones too.
Coffee Pot continues on Fridays between 10.30am until noon.
Craft Club Tuesdays from 10am until noon
Girls Brigade Wednesdays during term time, at 4pm.
Sunday Services at 10.45am.
As always, a reminder to check our noticeboard for any changes and additions to our programme of events.
Blessings for a fruitful summer to you all - Christine Weymouth

Kingsbury Episcopi Parish Website

Have you looked at the website yet? (www.kingsburyepiscopi.com)
It has lots of interesting and useful information about our parish and its activities including local groups and clubs and a calendar of events in the parish. Unfortunately, if we are not kept informed as to what groups/clubs are running or what events are being held in the parish, the information is not always on the website. We rely on you the parishioners to keep us informed, so if you have an event to advertise or information on a group/club you run, please send your details to the clerk, Sarah Potepa on 01460 242369 or email sarah.potepa@hotmail.co.uk.

Speedwatch—Volunteers needed

It had been hoped to restart the Community Speedwatch group earlier this year. Unfortunately, because we have not been active for a few years we now need to retrain. This seems to be the ideal opportunity for volunteers to come forward to help with the scheme. At present, we only have a few volunteers and ideally we ought to have at least twenty names on the list. The more volunteers we have the better. If you feel that speeding in the parish is a huge problem please volunteer to help. Once trained you would probably only need to attend a session once or twice a month for an hour at a time.
Initially I would like names of all interested parties. Please email the clerk Sarah Potepa, sarah.potepa@hotmail.co.uk.
If we have a good response I can organise for the chairman of the Community Speedwatch for this area to attend locally and give us a talk on how it all works.
Kingsbury Episcopi Community Centre

Kingsbury Episcopi Community Centre and Community Shop is well and truly open for business after an opening week that included a big breakfast followed by a family fun day, disco and fireworks, “past versus present” football match, a village history presentation by the Kingsbury Time Travellers, a tea dance, a food demonstration by Lynda Hollis, brilliant nights of music with Folk Americana from The Black Feathers and a party night with covers from the Renegades. There were also taster sessions for the regular classes already booked to use the hall including everything from Pilates, HIIT and Insanity fitness classes to Jive, Latin and Ballroom dance classes. Kingsbury Community Centre is the culmination of 30 years of fundraising by YOU which meant we could put around £250,000 of funds into the project. You have supported race nights, ate countless burgers and more recently supported the ever popular Party By The Parrett which takes place this year on the 1st of July.

On top of your fundraising a lottery grant of £800,000 was also secured meaning we could realise our dreams of a community centre in the parish.

The building itself comprises of a hall with a capacity of 120 for a seated wedding, meeting room, bar, kitchen which can cater for 120, 5:1 surround sound and theatre style lighting, projector and large screen, disabled facilities including toilets and shower room, changing rooms built to sport England standard and of course the community shop and cafe.

MS

Multiple Sclerosis Society

I would like to thank everyone who came along to my coffee morning on Easter Saturday. It was a huge success this year. With all your support, cakes and donations, you helped me raise £724.56 for the MS Society. Well done. Thanks also to Adrian for entertaining everyone with his films of the village. It was enjoyed by all. Thanks and Best Wishes - Fiona Chick.

KINGSBURY LADIES NETBALL CLUB

Kingsbury Netball season started on Tuesday, 18th April at 7pm in the recreation ground. For ladies from 15yrs. We are a friendly bunch who like getting together to play netball just for the fun of it! Everyone welcome and only 50p a session!

For more information, please contact Abby 07714882392

Ploughman’s Lunch

Wednesday 28th June in St Martin’s Church Rooms from 12-2pm

followed by a game of Bingo

Everyone welcome - come along for a chat and companionship

Volunteers Needed

Kingsbury Community Shop & Cafe
Do you have a few hours to spare weekly, fortnightly or monthly? Kingsbury Community Shop and Cafe are looking for volunteers to join the team. Please call in to leave your details in the shop.

The Annual Willow Workshop
This was held on a gloriously sunny afternoon on 9th April and people were able to create willow designs under the expert guidance of Maurice Fawcett. There was also an opportunity to make decorations for the Hat-Themed, Mayday Village Garden competition. Good Friday saw an excellent turn-out for the charity fund raising Parish Easter Walk, hosted by The May Festival Committee and the Warren Family. It included a walk from Gawbridge to East Lambrook, taking in interesting sights along the way, hot crossed buns and refreshments half way round, an egg rolling competition, and lunch back in Stembridge. Over 110 people turned out!

St Martin’s Church Flower Festival
Saturday, 24th June & Sunday, 25th June
10am – 5pm each day
Theme - An English Country Garden
Light refreshments will be served each day

The Garden & Countryside Club
“Open Gardens”
Sunday 25th June 2pm – 4.30pm
Come along and see some interesting gardens in the parish
The starting point will be the lock-up, ending at the church for refreshments

Green Scythe Fair at Thorney Lakes
Sunday June 11th (11am -11pm)
For those many of us who will be missing the Kingsbury May Festival this year, here is another event to look forward to – the organisers describe the day at Thorney Lakes as follows: “This is a magical one day environmental fair in a beautiful setting on the Somerset Levels run entirely by volunteers on wind, sun and muscle power. Excellent live music, over 70 stalls displaying traditional skills, crafts and produce, lively environmental debates, delicious organic local food, a variety of the best ales and ciders and a large kids area with activities throughout the day. The Green Scythe Fair includes the celebrated West Country Scythe Championship, known far and wide for the stupendous and often hilarious feats of haymaking by international scythesmen and women, who mow a swathe through the summer festival scene. It is probably the most authentic, and enjoyable, country fair in all England!”

Pie and Mash Evening
Thank you to Graham and Liz Beckinsale and their numerous helpers for another wonderful community meal on 21st April. This time it was a pie and mash meal followed by a choice of deserts. Thanks must also go to the Revd Philip Wagstaff who led the community singing in true East End style.

Pet Service followed by a BBQ
All animals welcome
St Martin’s Church - Sunday, 16th July at 11am
Parish Litter Pick - Over the weekend of the 11th and 12th March a small group of volunteers met at Kingsbury Episcopi and East Lambrook to help clear the parish of litter. The whole length of Broadmead to Gawbridge, Stockditch, Hawthorn Hill to Gawbridge and Owl Street to New Cross were cleared. The majority of the litter collected was from takeaway food outlets as well as drink cans, bottles (glass and plastic) obviously thrown out of vehicles on the way home to either Kingsbury or Lambrook. In all we collected about 16 bags of litter which were left on Dudmooor Corner for collection by the District Council.

It was extremely disappointing that only a few volunteers turned out to help. It only took a couple of hours on each morning to cover the area that we did, with more volunteers the whole of the parish could have been cleared. I would therefore like to personally thank the following who did help. Roy and Annie White, Corinne Short, Helen, Rebecca and Emily Woodfield, Rachel Knight and Sally Brooks (who attended both days). It is hoped that the next Litter Pick will be better attended, so please look out for the notice in the Parrett Talk and on the notice boards.

Parish Council minutes

February

A response had been received from the traffic engineer regarding our request for two additional sites for the 'Speed Indicator device' to be placed to monitor the speed of traffic. The sites being Bladon Hill, Kingsbury Episcopi and Owl Street in East Lambrook. The engineers have stated that there is not a suitable post within the 30mph limit on Owl Street to site it and the Kingsbury Episcopi sign post on Bladon Hill is too low. The Clerk is to respond as it is felt that if a SID can be placed low down on a similar post at Highway, Ash why can’t it be placed on ours.

Avon and Somerset Police have launched a new initiative on this popular recreational cycle route and the different ways in which it is enjoyed

Please take 5 minutes to let us know about how you use the route – thank you.

Complete the survey the by visiting: http://www.smartsurvey.co.uk/s/Cycleway/

will start at the beginning of March. The pipes that have already been put in by the Parish Council will remain but they will now concrete them in, reinstate the verge and finish the cross drains and storm drains.

Some drains have been marked for work on Hill Drove, Stembridge, but as there are several drains that need attention first it is felt they need to be sorted out first before wasting money on the ones marked. The Clerk will contact Highways.

March

Concern was raised regarding the planning application at Thorney Mill. The dormer window had already been fitted, the height of the window is higher than what was approved and now means that bedroom and dining room at the Mill House can now be overlooked. Also a stainless steel has been installed in the roof which was not included in the original application, and as Thorney Mill is a listed building would assume that planning permission would be needed for it.

Cllrs discussed the planning application for Thorney Mill and resolved that the size of the dormer window was not acceptable because of the impact on the neighbour and that the flue should have planning permission as well, they therefore objected to the application.

The following grants were agreed.

St Martin’s Churchyard for grass cutting £325.
Parlcoats for Party Box to Parrett Talk £600.
Over 60’s Christmas Party £200.
St Martin’s Church Rooms for the upkeep of the car park £200. Cllr Brooks requested an increase in her fee for the grass cutting at the cemetery. She has not increased her fee for five years and as now servicing of the mower and fuel costs were on the increase she would be happy with an increase of £200 for the year. Cllrs were more than happy with the increase as she always does a sterling job of keeping the cemetery neat and tidy.
Cllr Wakely confirmed that the Church would continue to maintain the actual churchyard. They were not looking for the Parish Council to take it on at this time.

The new Community Centre is well under way and nearing completion.

The shop container does have to be moved shortly, and as they had only received two low offers to buy the container it has been agreed that it would be given to the primary school for the children to use when carrying out outdoor pursuits. A request had been received for a public computer to be available at the building, this would be considered by the committee and Cllr Dowdeswell kindly said that he had a nearly new computer that he would be happy to donate to them. If the computer becomes a well used facility the Parish Council would consider donating a second computer.

Steve Mason has kindly offered to refurbish the bench at the recreation ground as it is in need of rubbing down and revarnishing.

Bob Warren and SCC have repaired a stile between Stockditch and Folly Road and the steps opposite the Old Vicarage had also been refurbished.

A letter had been received from solicitors acting on behalf of SCC regarding the footpath between Pulpitway and Stembridge as an application had been received from the Bridleways Association stating that the path had been wrongly classified as a footpath when in fact it should be a bridleway.

The solicitor requests any information the Parish Council may have that will help with the application. The Parish Council to take it on at this time.
